

ACOPTIC - CCC1577

Outdoor fibre optic Cable Multi-uses (overhead, direct buried, duct).
Anti-rodent - anti ballistic - dielectric. From 6 to 144 Fibres

BENEFITS

- High environmental performance: suitable for long spans with challenging climatic conditions
- Multi-application: Can be used in overhead, duct or directly buried applications.
- Anti-rodent: Features reinforced rodent resistant strength members.
- Anti-ballistic: Shotgun-resistant protection
- Compact-Tube® technology for tool-free access to the fibre and easy storage of the module in Connectivity.

APPLICATIONS

- ACOPTIC® is the brand name for ACOME Groups optical fibre cable solutions for telecom networks.
- The CCC1577 range is designed to allow long span applications on overhead infrastructure (up to 200 m).
- The CCC1577 range offers excellent environmental performance (wind, ice, etc.). Usually used for connecting central offices or for the FTTH transport with G1 conditions.
- The CCC1577 range also features rodent resistance and can be used in underground ducts.

RECOMMENDATIONS

Storage and installation

- Cables are delivered with a covering for protection until they are required for installation.
- Guidelines for storage, transportation & cable installation can be found in our ACOPTIC guide.
