

## ACOPTIC- COR1823

Indoor/outdoor LSOH drop cable

### BENEFITS

- Discreet design: compact diameter (4mm) and sheath colour (ivory)
- UV-resistant sheath and waterproof design for outdoor use
- Excellent tensile strength and mechanical resistance to crushing
- Fire resistant LSOH-FR (1) sheath, CPR compliant
- Designed for easy handling and quick installation

### APPLICATIONS

- ACOPTIC® is ACOME's brand of optical cable solutions for Telecom networks.
- COR ranges represent our solutions for connecting FTTH subscribers to the network.
- COR1823 includes the drop cables used to link subscribers to the optical connection point (whether indoor or outdoor).
- Lightweight and featuring a small diameter, the COR1823 range is perfectly suited for the following wiring applications:
  - Connecting subscribers via partitions,
  - Laying against floor slabs
  - Installing in ducts and cluttered shafts.
- The cables can be glued to surfaces.

### RECOMMENDATIONS

#### Storage and installation

- The cables are supplied with protective wrapping that must be maintained until the product has been fully used.
- The rules for storage, transport, and cable laying are described in our ACOPTIC Guide.
